

Relying on more than 75 years of continuous experience in the global electric actuation business, BERNARD CONTROLS positions itself as the close partner of its clients with a dedicated support from the earliest stages of each project to identify their needs and find out the best solution. To fulfill the need for reliable, high performance and innovative actuators, we have defined the BC PREMIUM label:

One click takes you to the products of the brand "BC PREMIUM"

The BC Premium label is the guarantee of quality and security for installations' actuation in the case of demanding environmental and operational constraints. In addition, the BC PREMIUM label offers a large user friendliness, a sturdy and proven design and a minimum level of maintenance requirements.

Therefore our existing product range SD with the types OA, AS, and BS will be transferred into the new

## "BC PREMIUM" product range SQ

at beginning of 2015.

The assignment to the previous actuator types can be found in the table below. The new names were adapted to the torque of the actuators:

Type SD (OA/AS/BS)	new: Type SQ
OA-3	SQ4
OA-6	SQ6
OA-8	SQ10
OA-P	SQ10
OA-15	SQ15
AS18	SQ20
AS-25	SQ25
AS-P	SQ25

Type SD (OA/AS/BS)	new: Type SQ
AS50	SQ60
AS80	SQ80
BS100	SQ120
AS100	SQ100
AS200	SQ250
AS400	SQ400
AS600	SQ600
AS1000	SQ1000

In addition we offer you for moderate environments and operating conditions our "BC FIRST" range EZ, which was developed in conformity with the standard EN15714-2 for class A and B.

We are happy to advise you on all questions about the brands "BC PREMIUM" and "FIRST BC".
